

LJF inspired me at Mar Y Sol

I feel I have to write to say that the presence of a number of jockeys from your organisation was great to see while I was on holiday with a disabled friend at Mar-Y-Sol in Tenerife in January.

It was also uplifting to watch the support for them from your staff team.

I have to congratulate the work of the LJF.

One could see the enjoyment and benefit the jockeys gained daily and the range of activities they took part in was amazing both in and out of the pool.

I particularly want to recognise the LJF staff and jockeys' carers

and companions who worked tirelessly on the holiday to ensure the beneficiaries were supported at all times.

I heard some of the jockeys chatting about the Fund and the staff.

They were always complimentary and found the winter break in Tenerife a great benefit.

I want to wish the Fund success in the future. And to say it was and is inspiring to see such good work for individuals by people who really care.

Good luck in the future.
